## AKME - 2014

### Principal's Message... ✍

*A* warm welcome to all the students, parents and management committee to the glory of education – 'AKME' that celebrates and analyses the achievements of our little sparks of lights. It is an honour and a privilege to share with you our happiness as the *DIPSITES* of Ranchi have once again exhibited outstanding performance in academics and maintained high standards of excellence. I believe that the most splendid achievement of all is the constant striving to surpass oneself and to be worthy of one's own approach.

*The importance of education in the life of an individual cannot be overstated.*

*Planning for a lifetime requires imparting education. For me, education does not mean providing answers only. It means equipping the pupil with the means to find the answer for himself and within himself. The aim is to strive for perfection in education, making learning a pleasure, with a blend of modern technique and real life learning that stresses on right values and attitudes. Over the years, I have witnessed in our students a store house of energy, an unparalleled*

*knowledge base, a vibrant dynamism and acute consciousness about the world around them.*

*I along with my silent team of workers and dedicated faculty, intend to build on this strong edifice and raise the standards in all spheres, to the zenith of success. My aim is not only to be a true friend, mentor and philosopher to students on whom they can count upon and trust at all time but also to channelize resources vis a vis their dreams. I assure you that my doors will always be open for my students.*

*We intend to provide them a happy childhood that will make them spiritually and emotionally a confident personality, so that we can continue to explore new avenues and usher in a new era in the field of education. The unflinching support and visionary guidance of the members of the managing committee and the blessings of the chairman of D.P.S. Society, New Delhi has made our onward journey a great learning experience. We will guide them to move on higher and higher to the rainbows of success and the best will be put in to underline our commitment towards exceptional quality teaching ensuring better results.*
